

## AGENDA

### INFORMAL COVERED ELECTRONIC WASTE (CEW) STAKEHOLDER WORKSHOP

#### FOCUS ON PRELIMINARY ASSESSMENT OF NET COST REPORT INFORMATION

Wednesday, April 13, 2016

10:00 a.m. – 1:00 p.m.

1001 I Street, Sacramento - Cal/EPA Headquarters Building - Coastal Hearing Room

---

The focus of this informal workshop will be on a preliminary assessment of information submitted through the annual Net Cost Report requirement. All approved covered electronic waste (CEW) collectors and recyclers must calculate and report revenues and costs associated with the management of CEW during a reporting year, and report this information by March 1 of the following year. This information is evaluated as part of CalRecycle's consideration of recovery and recycling payment rates, which will occur over the next few months.

Also to be presented at this workshop are brief updates on CEW program participant management issues and the status of CalRecycle's work toward reforming aspects of the "designated approved collector" provision within the CEW program to improve its integrity.

The format for the workshop will feature CalRecycle staff providing an overview of the workshop topics, to be followed by staff facilitated open discussion. The workshop will allow stakeholders to comment, question, and discuss the rationale and findings relative to the continued evolution of the CEW recycling payment system.

CalRecycle has scheduled the meeting room until 1 p.m., however it is anticipated that the workshop will not last that entire time.
